OWLING TOUR

Mexico with 34 owl species

ROYALFLYCATCHER te invita a conocer la diversidad de Rapaces Nocturnas que existen en Mexico y Centro America.

México con 34 especies de buhos, sin duda es un atractivo para los amantes de las aves y la fotografia de naturaleza.

Más allá del majestuoso búho real y la escurridiza lechuza común, existe una gran diversidad de especies de aves rapaces nocturnas .

Con RoyalFlycatcher puedes ver muchas de estas especies de aves rapaces nocturnas en varias partes de México.
